

# Creator

## Course Settings Options

Creator Courses can be created using either an existing or new PowerPoint.  
All steps listed here are for Creator using an existing PowerPoint.

### Setting up your Course

A. From the **Alchemy Creator** tab, select **Course Settings**

B. Manage Course Settings:

- **Manual Advance** – set entire course to advance manually
- **Course Name** (Optional)
- **Course Description** – brief description of what is being covered (Optional)
- **Course Competencies** – objectives covered in the training (Optional)
- **Course Language** – select the language the course is created in (Required)
